As Vice President, Region Risk Solutions Operations Manager, James manages, coordinates and drives the loss control services and risk assessment process across the US for Retail and Specialty account segments. A “risk resource” to underwriters, James is also responsible for ensuring that quality loss control services and risk assessments are completed. This enables intelligent decision making on new business and renewal accounts.

James brings over 20 years of safety and health expertise in the insurance space and private sector, manufacturing and construction industries. Through it all James has mastered sound consulting principles and results-driven risk management practices. Today, he maintains the philosophy that an approachable demeanor, excellent negotiation skills and collaboration are key to effectively interacting with customers.

James earned a master’s degree in leadership and strategic management from Manhattanville College, as well as a bachelor’s and associate’s degree from Keene State College in safety and health sciences. He is a Certified Safety and Health Manager, CSHM and holds the following insurance designations, Associate in Claims, AIC, Associate in Underwriting, AU, Associate in Risk Management, ARM, Associate in Risk Management for Public Entities, ARM-P, Associate in General Insurance, AINS, and Associate in Insurance Services, AIS.

In his spare time, he enjoys skiing, cycling, traveling, hiking, camping, fishing, tennis, reading, and film studies.
